

CASE STUDY:

BAXI 600 Heat

Boiler: **BAXI 600 Heat**
Type: **Conventional**
Output: **21kW**
Features: **A-Grade Efficiency**
7 Year Warranty
Super quiet unit
Fits in kitchen cupboard

Requirements:

Following a re-model to their property, the client required a discreet heating boiler to build a kitchen around.

The unit chosen is compact, allowing it to be housed in a standard kitchen cupboard.

This particular boiler also ran quietly to further add to the seamless integration to a newly built kitchen.
